Diagnostic Testing

DNA Testing

From £400

Having a DNA test is the best way to find out exactly how your body responds to and metabolises certain nutrients.

More effective than a blood test, it will help to identify your personal micronutrient requirements. We can then create a bespoke drip based on your body's own unique nutritional needs.

Choose between our Silver DNA Test and Gold DNA Test.

Vitamin D Blood Test

£40

Vitamin D deficiency is common in the UK and can go undetected. Get tested today with an easy and accurate finger-prick blood test, with results and a personalised treatment plan in just 15 minutes.

Gut Test

£199

Learn about your microbiome health with our in-depth results and expert analysis. Includes a free 30 minute consultation with our in-house Registered Nutritional Therapist.

Blood Testing

from £150

Identify deficiencies and other health indicators that need addressing. For our full range of Blood Tests, please visit getadrip.com/blood-testing.

About

Get A Drip provides Vitamin Drips and Booster Shots from our clinics across the UK, Ireland & Rotterdam. All of our UK medical staff are either GMC registered Doctors, NMC registered Nurses or HCPC registered Paramedics.

Get A Drip services are subject to availability, medical questionnaire and medical check-up. We reserve the right to change the ingredients, processes and products of all our services. Menu is subject to change at any time.

Iron Infusion & Diagnostics From *Free

Our Iron Infusion is paired with cutting-edge diagnostics testing *If you already have your ferritin levels provided by your GP, you are eligible for a FREE consultation. Our process is as follows:

Consultation & Blood Test **From Free**
Free if you bring your own Blood Test results from your GP that display current Ferritin levels. Blood Test results cannot be dated earlier than 4-6 weeks from current date.

Haemoglobin Test **Free**
A quick finger prick Blood Test to test your Haemoglobin levels.

Iron Infusion **From £300**
An IV (Intravenous) Vitamin Drip infused with Ferritin that is administered by one of our medical team over the course of approximately 15-20 minutes. After your Iron Infusion, you will be required to stay to be observed by our medical team for 30 minutes.

Reassessment (Optional) **£150**
An optional reassessment will take place 4 weeks after your last Iron Infusion. Here, your Ferritin levels will be retested with our Essential Iron Blood Test.

In order for you to qualify for our Iron Infusion, you must complete the process as listed above.

Compression Therapy From £20

Compression therapy assists your body in improving blood circulation and the flow of lymphatic fluid, as well as enhancing recovery.

20 Minute Sessions

Intro Single Session	£20
1 x 20 Minute Session	£29
5 x 20 Minute Sessions	£129
10 x 20 Minute Sessions	£199

There will be an additional £15 charge if were to receive Compression Therapy and an IV Vitamin Drip at the same time.
